August 2022

Dear Parents and Guardians,

It is a pleasure to welcome your student back on campus here at J.E. Young Academic Center. I know this past year has been difficult to navigate. The administration and staff have been working diligently to ensure a safe and productive start to the 2022-2023 school year.

J.E. Young students will be enrolled in one of two unique programs tailored to their individual needs. Students will be targeted for our main program which is the Independent Study Instructional Model, or our traditional Independent Study Model. Students participating in additional courses will have the option of CART, CTE, Community Service, Work Experience, Leadership and Fresno City College Dual Enrollment.

Over the last year we have developed monthly parent luncheons, weekly YouTube announcement videos and Instagram posts to ensure the JEY community stays informed. Please follow JEY on Instagram @jeyjags.

We had a record number of 380 graduates this past school year, including summer graduates. This was all possible through Winter Session and four sessions of Summer School. Our plan is to have the same level of offerings this school year.

As we prepare for the new school year, here are a few important dates and events to add to your calendar.
